ABOUT US

Elements Quartz is an exclusive, hand-selected line imported directly to our facility. Our quartz consists of 93% quartz and a 7% polyester resin binder offering an extremely strong, durable and scratch-resistant solid countertop solution. This collection is accented with vibrant patterns mimicking natural marbles, luxurious limestones and contemporary solid colors. Elements Quartz offers elevated selections composed of book matched and oversized slabs — 3cm polished, 126" x 63".

Calacatta Borghini

*Book-matched

Calacatta Borghini provides a dramatic, picturesque solid surface selection with a neutral white background and sweeping gray veins.

Calacatta Milano

Calacatta Milano has a fresh white tonality with an eye-catching, wispy gray vein throughout.

Calacatta Marina

Calacatta Marina has a beautiful white background with larger bands of a light gray veining across the surface.

Calacatta Palermo

Calacatta Palermo presents a classic approach to quartz that mimics natural stone with a vast movement of gray veins.

Calacatta Lazise

Our selection of Calacatta Lazise is a delicate statement of elegance with natural slim dark gray veining atop a cool white backdrop.

Calacatta Extra Prima

Calacatta Extra Prima

has a neutral white

background with a

broad, distinct

veining that can be

found in the natural

stone rendition.

Calacatta Lucca

Calacatta Lucca has a very crisp, white background with a fine and precise gray vein.

Calacatta Eiffel

*Book-matched

Calacatta Eiffel has the best representation of the natural stone Calacatta with broad gray and gold veins.

Bianco Verona

The Bianco Verona selection is a soft movement
with more gold veining overall.

Bianco Verona Classic

Bianco Verona

Classic quartz

shows beautifully

with a subtle darker

gold and brown

veining throughout.

Carrara

Carrara has a wispy,
light movement
through the surface
making it an easy-to-
use selection for any
space.

Bianco Marina

Bianco Marina is a subtle, classic solid surface selection that is universal in application.

Ice White

Ice White contains a more granular effect that will make any design stand out.

Bianco Neve

The Bianco Neve selection is one with a scaled-down flecking for a more refined aesthetic.

Polar White

Polar White is the crispest white and most simple solid surface in our collection of quartz.

Concrete

Concrete is our lighter gray toned quartz that is a perfect middle tone for any style of installation.

Charcoal

Charcoal is a striking dark gray selection that is simple yet elegant and ready to make a statement.
